DETAILED ACTION

Remark

This communication is responsive to the response filed on 6/12/06. Claims 1-6, and 8-24 are presented for examination.

Allowable Subject Matter

1. Claims 1-6, and 8-24, after further consideration and search, are allowed over the prior art.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:
Claims 1-6, and 8-24 are allowed over the prior art because, as argued by the Applicant in the 6/12/06 response, neither Spaulding nor Kakutani teaches an image display that displays a color reproduction range in which there are plotted coordinate points on a second color space with coordinates within a range of a range determination device, and the first color space is partitioned as a lattice, and the second color space is a device-independent space (as recited in claim 9). Further, the newly found references assigned to Gruzdev (US 7009733) and Rozzi (US 20020105659) teach a color reproduction display characteristic method wherein an association between coordinates of a first color space and coordinate of a second color space is provided, wherein image data in the color spaces are represented by points that are mapped on the color spaces in accordance with an operation (see Gruzdev's col. 6, lines 27-54, and Rozzi's

paragraphs 28, 41-42). However, Gruzdev and Rozzi fail to teach the underlined features of the invention in the manner recited in the claim. Accordingly, the claims presented in the instant application are allowed over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sajous Wesner whose telephone number is 571-272-7791. The examiner can normally be reached on Mondays thru Fridays between 11:00 AM and 7:00 PM.
